Most Probable Landfall Temporary Roofing Model Results

Florida – 300

Model results per county on following page

This model is based on a Category 1 storm making landfall in near proximity to Key West, FL.

Information provided on this page displays a Category 1 storm making landfall near Key West, FL. These projections are based on information from the NHC ***(0500 EDT 09/20/2005)*** forecast. The amount of temporary roofing that may be required is based on 2% of housing units damaged in CAT 1 wind area and 4% of housing units damaged in CAT 2 wind area.. This only indicates possible need – not necessarily a mission to repair roofs.
